2016

Dear J/70 Friends,

We really want to invite all of you (and your friends) to come racing with us in our **ALCATEL J/70 CUP** "open" circuit:

- At the beginning of the 2016 season, in collaboration with the Monaco J/70 Class, we will host the first two events in Monte Carlo and Sanremo valid for the **Spring Cup**. For all the teams participating to the Monaco Winter Series and/or to the Primo Cup, this represents the opportunity to participate to two additional events with nice spring Mediterranean conditions and simplified logistics.
- In early June, before the J/70 Europeans in Kiel, we will organise our first J/70 race/event in beautiful Porto Cervo to start testing the logistics and race field in preparation for the 2017 J/70 Worlds.
- Across the Summer, we will then run two Lake Garda races/events valid for the new **Alpen Cup**, in July in Malcesine and early September in Riva del Garda where we are almost sure to find great "Garda-style" wind and weather conditions.

Starting from the first two Spring Cup races, we expect to have 40-50 boats on the starting line and the best teams from all over Europe. A growing number of teams, new sponsors and partners will allow us to continue to improve our prize givings, lucky draws, multimedia coverage and social events. For any questions, please feel free to contact info@j70.it.

Hope to see you soon racing with us!

J/70 Italian Class

ALCATEL J/70 CUP

2 regattas within 25 Km
